ABOUT US

We at Classiic Machinery are an extensive company indulged into manufacturing having expert group of technical and experienced people. We develop precise products related to Power Industry, Textile Industry, Automobile Industry, Plastic Industry, Packaging Industry and other allied Industries. We are spreading our wings across various cities of India and Overseas Areas to satisfy the customer's need and market price.

We are a renowned name for development purpose. We build special purpose machineries, products and mechanism as per customer's requirement.

WE CARE ABOUT YOUR MACHINES & NEEDS, WE ARE CLASSIIC MACHINERY
